Dear Sirs,

LEEDS DRAFT SITE ALLOCATIONS PLAN CONSULTATION 2015.

After considering information provided about the above consultation, I wish to object to the loss of Green Belt at this stage of the Local Plan; taking land out of Green Belt should not be done before the Leeds Local Plan has reached its halfway point on 1st April 2020, after a formal review of its progress. This is to avoid unnecessary loss of Green Belt if the rate of new development, especially the building of dwellings, falls well short of LDF Core Strategy target numbers.

National Planning Policy Framework (NPPF) paragraph 79 says "the essential characteristics of Green Belts are their openness and their permanence"; para 83 says "once established, Green Belt boundaries should only be altered in exceptional circumstances, through the preparation or review of the Local Plan. At that time, authorities should consider the Green Belt boundaries having regard to their intended permanence in the long term, so that they should be capable of enduring beyond the plan period". Leeds City Council must take this into account.

Also, I wish to make comments on the following individual sites which are identified by name and by Site Allocations' Plan reference number if they have one.
