Why do you think this site is unsound/sound (delete as appropriate)

I live on the A63 which is falling apart at the junction to Kippax, it is already overloaded with heavy goods vehicles throughout the day and night as they go around the 180 degree bend at the Kippax junction along the main road which is 30mph! The noise is disturbing (no open windows at night for us any more). Traffic going nose to tail from 7am from Kippax to the A63 until 8:45 because of the extra housing built in Kippax.

If you walk into Garforth, you have to walk because of the lack of a proper car park in Garforth, when you get to Garforth you find a total lack of Public Toilets so have to call in a Pub - or go in a cafe and beg.

What is your alternative? How will the basic needs of the people of Garforth improve by adding more people to already had public services
